Dorset Breeders,

Welcome to the Riverwood Farms Polled Dorset Flock Dispersal. It is truly with mixed emotions that I write this welcome. As a fellow breeder, I never want to see a major player within the breed disperse, but as history tells us in the purebred livestock business, this is the cycle and new breeders will emerge. If one were asked who the top Polled Dorset flock has been for the past 25 years, the first name to come to mind would no doubt be Riverwood Farms. The show ring success has been phenomenal but the impact the Riverwood genetics have had in flocks throughout the nation is incredible. I personally can attest to the positive influence the Riverwood Farms genetics have had in my program. This sale is a tremendous opportunity for every breeder to capture some genetics that would not be for sale except for this dispersal. I encourage all Polled Dorset breeders to seriously consider acquiring seed stock from this once in a lifetime opportunity sale. Study the pedigrees, there are sheep here that can work for you.

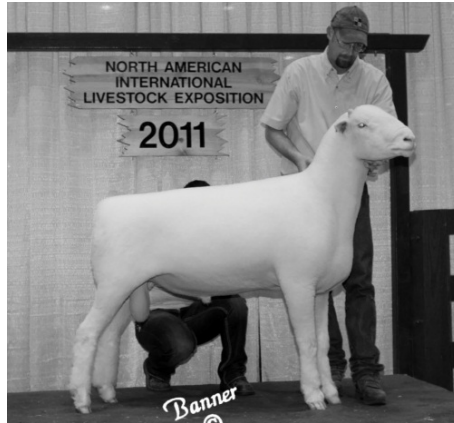

A sincere Thank You to the folks who have been involved through the years at Riverwood Farms for your contribution to the Polled Dorset breed - James Klingbiel, Tom Henry, Ron Guenther, Dr. Kurt Johnson, Jeremy Etzler, Dave Harmann, Eric Bruns and all others that have been a part of the Riverwood Farms success story. It is an absolute honor to have been asked to manage and auctioneer this sale. If you can't make it to the sale, contact one of the sale crew listed in the general information and be represented with a mail bid. I look forward to seeing you in Powell, Ohio on May 12.

Gary Saylor

 S- "Incision" RF4259
 D- RF 3873 ET
 "Dynasty" was the result of flushing "Dow Jones" to "Primo's" twin sister, 4685. 4685 is our most consistent stud ewe, never producing a poor lamb. "Dynasty" was Champion ram at the 2010 Ohio State Fair. Half interest sold to Poynter and Crome of IL. He sired the Champion ewe at this year's Ohio sale. He has a great Dorset head and is truly a stud buck. Full interest and full possession sells.

Lot 2- "Premium Pickle"

 D- RF 4056 ET
 "Premium Pickle" is the ram I cannot say enough about, with exception of his sire "Primo", the breed's only two time National Champion ram, Riverwood's greatest creation!!! He was the 2011 National Champion ram, he has sired the best headed ram at the 2012 National Show as well as the National sale. He sires sheep that are longer than tall. He has that cocky look of a stud and passes it on. Shepherd's View purchased half interest as a fall lamb. Full interest and full possession sells.

 Some would say we went backwards with the AI mating to "Quest", however "Gemini" gave us what we were looking for, depth of body, spring of rib, overall easy fleshing. Price of feed is not coming down, so we wanted a ram that would lessen our number one expense. "Gemini's" mother was Reserve Champion at NAILE and a full sister to "Dynasty".

YEARLING RAMS

 D- RF 3873 ET

In the fall crop of '11, 5787 and "True Grit" were the standout ram lambs. Super long bodied, sired by "Premium Pickle" and dammed by a ewe we showed sicked. 5225's mother is the dam of "Primo". We used 5787 on our yearling ewes and have a great set of spring lambs by him.

Champion slick ram from NAILE. This one truly surprised us. We never thought he would grow into such an impressive ram. Up headed, cool fronted, long, thick topped with a high tail set. This guy has 4685 three times in his pedigree. That, blended with the "Quest" influence really sets him apart. Good enough to be shown naked, big enough to be fitted. Come November he will be a contender.

 S- "Incision" RF 4259
 D- Van Bair 2531

Reserve Jr Champion and best headed ram at 2012 NAILE. One of the nicest balanced rams, he is simply fault free and walks on a tremendous amount of bone. He would have been our next ram to continue to move our program in the right direction. In our line breeding program, he was just enough of an out cross with the "RazzMaTazz" grand dam Van Bair 2531 to really click. Not to mention he has been Cruz's pick since he got here last May.

Lot 7- Riverwood Farms 5866 RR
 Born: 3-1-12 Tw

 S- "Primo" RF 4684

 S- "Main Event" RF 4777
 D- RF 4497

5866 is a young yearling ram sired by the \$4100 ram Driscoll's of Canada purchased at the 2012 Ohio Sale. 5018 is a "Main Event" daughter out of our donor ewe 4497, twin to "Park Place". Both "Main Event" and "Park Place" were high selling yearling rams at the Ohio Sale. 5866 is jacked up fronted, has a beautiful head and is very athletic.

S- "Incision" RF 4259

5868 is a thicker, stout made ram with a lot of depth of rib and red meat. His mother traces to the Poynter 61A ewe who made nationally competitive sheep until she was 11 years old.

Grand Champion Ram 2013 Ohio Dorset Sale. Sired by "Primo" and dammed by 4428 Lot 32. Flush mates to sell and embryos by 4428 sell!

FALL RAM LAMBS

Note: This is the deepest set of fall rams we have had since 2006 when we had the "High Definition" lambs. We thought nine fall rams may be too many to sell in the dispersal but after the Ohio Sale where we had Champion ram with a fall ram lamb, we decided to sell them all.

Lot 9- Riverwood Farms 5878 RR

Born: 9-3-12 Twin
S- Riverwood Farms 5683
S- "Gemini" RF 5508 AI
D- RF 4685
D- Riverwood Farms 4593 Lot 36
S- RF 4280
D- RF 2277

5878 was the "Gemini" son out of "Primo's" twin that really clicked for us. He added the long deep rib cage that so many Dorsets lack. 4280 was a huge ram that sold to Thornsborough of IL. 4593 was a show fall ewe lamb. 5878 is a very square hipped ram lamb.

Lot 10- Riverwood Farms 5884 QR

Born: 9-5-12 ET
S- "True Grit" Riverwood Farms 5761 ET
S- "Premium Pickle" RF 5409
D- RF 4428
D- Riverwood Farms 3520 ET
S- "Affirm" RF 3059
D- RF 1929

"True Grit" like his father passed on his length of spine yet his lambs are pounds heavy. 3520 was the mother of "New Ears" and our 2006 National Sale Champion ram, that was \$10,000 in one set of twin ram lambs. 4428 was the mother of our Champion ram at the 2013 Ohio Sale. She has produced over \$25,000 in off spring. 3520's mother is 1929, anything that traces to her simply worked. 5884 is one of the stand outs in this group.

Lot 11- Riverwood Farms 5886 RR

Born: 9-6-12 ET

D- RF 3873 ET
D- Riverwood Farms 4428 Lot 32
S- "High Definition" RF 3935
D- RF 3518 ET

This is the RR flush brother to our Champion ram at Ohio. Sired by the living legend "Primo" and dammed by our biggest brood ewe, 4428 a "High Definition" daughter. 5886 had a recip mother that did not milk real heavy. He is made right and is really coming on.

Lot 12- Riverwood Farms 5889 RR

Born: 9-7-12 Twin
S- "Primo" Riverwood Farms 4684
S- "Incision" RF 4259
D- RF 3873 ET
D- Riverwood Farms 5001 Lot 45
S- "Dow Jones" Twin Oaks 615
D- RF 3949

Should be one of the better breeding rams in this group. 5001 (Lot 45) dammed the high selling yearling ram at the 2012 Ohio Sale and 2012 Reserve National Champion Sale ram that was best headed ram as well. She is by "Dow Jones" and traces to the great old 1929 ewe.

Lot 13- Riverwood Farms 5890 QR

Born: 9-7-12 ET
S- "True Grit" Riverwood Farms 5761 ET
S- "Premium Pickle" RF 5409
D- RF 4428
D- Riverwood Farms 3520 ET
S- "Affirm" RF 3059
D- RF 1929

This guy and his brother below have been the fastest growing rams we have ever had. The amazing thing is, they never hit that ugly, growth stage like so many fast growing lambs. Both should be stud rams, great pedigrees equal great sheep.

Lot 14- Riverwood Farms 5891 QR

Born: 9-7-12 ET
S- "True Grit" Riverwood Farms 5761 ET
S- "Premium Pickle" RF 5409
D- RF 4428
D- Riverwood Farms 3520 ET
S- "Affirm" RF 3059
D- RF 1929

This ram is just like his brother above except he is a little more masculine about his head and is scurred.

Lot 15- Riverwood Farms 5905 RR

Born: 9-9-12 Twin
S- "Primo" Riverwood Farms 4684
S- "Incision" RF 4259
D- RF 3873 ET
D- Riverwood Farms 4888 Lot 43
S- "Incision" RF 4259
D- RF 3353

5905 is a little freakier, later maturing ram. Since the first of March, he has really been coming on. By sale time, he may be the best. His mother 4888 (Lot 43) is an "Incision" daughter dammed by our Reserve Sr Champion ewe at NAILE 3353.

When signing up for a Buyers Number ... Be sure to sign up exactly how you want your sheep transferred.

D- Riverwood Farms 3538 ET Lot 29
S- "Flashback" HPD 0160
D- Martin 6064

Here is the "True Grit" son we entered at Ohio. His mother 3538 (Lot 29) is a complete out cross for the Riverwood program. "Flash Back" was Ohio State Fair Champion in 2002 and Martin 6064 was the Centennial Sale National Champion ewe in 1998. 3538 also dammed our '05 Reserve National Sale Champion ram in Reno. 5910 is super long bodied, straight topped with a super high tail set. Genetically one of the more intriguing rams.

Lot 17- Riverwood Farms 5944 QR

Born: 10-3-12
S- "True Grit" Riverwood Farms 5761 ET
S- "Premium Pickle" RF 5409
D- RF 4428
D- Riverwood Farms 3877 ET Lot 30
S- "Standing Ovation" RF 3272
D- RF 3274

Sired by "True Grit" and dammed by our donor ewe 3877 (lot 30). She is also the mother of "Park Place" and 4497 (Lot 35). 5944 is an amazing October ram lamb we would be showing and breeding with if it were not for the dispersal. As it was stated, this is an amazing set of fall lambs. When you look at them, you cannot pick the October lamb out of the group, he is above the growth curve.

WINTER RAM LAMB

Note: The Winter and Spring lambs are not all weaned yet. We will be going through them just like we were keeping them ourselves after weaning. Not all will make the sale.
